

SUPREME
COURT

"IN HINDUISM...": TOP COURT'S REPLY AS WAQF
HEARING ENDS, VERDICT RESERVED

Diary Times Desk : A discussion on waqfs – charitable donation to be de-linked from Islam or an integral part of that religion, 'a dedication to God... for spiritual benefit', – was a highlight in the Supreme Court Thursday as petitioners concluded arguments saying the Waqf (Amendment) Law violates fundamental rights.

Responding to the government's argument Wednesday – that while 'waqf' is an Islamic concept it is not an essential part of the religion and, therefore, not a fundamental right – senior advocate Kapil Sibal told the court, "Waqf is a dedication to God... for afterlife. Unlike other religions, waqf is a charity to God..."

The court, though, pointed out that 'religious donation' isn't exclusive to Islam; "... in Hinduism there is 'moksha'," Chief Justice BR Gavai said. "Charity is a fundamental concept of other religions too..."

And Justice Augustine George Masih, the second judge on the bench, referred to a similar provision in Christianity, and said, "We are all trying to get into 'heaven'." At the end of the petitioners' arguments – on this, the hearing's third day – the Chief Justice BR Gavai-led bench reserved its order on a plea for an interim halt of the contentious legislation.

Jostling over the positioning of waqfs – charitable donation or religious activity – has been seen as critical in the larger context of the court either disallowing law or allowing it to stand.

JAISHANKAR

"US WAS IN UNITED STATES": S JAISHANKAR ON
TRUMP'S INDIA-PAK MEDIATION CLAIM

Diary Times Desk : External Affairs Minister S Jaishankar reiterated that the recent cessation of hostilities between India and Pakistan was the result of a direct bilateral arrangement, and not influenced by international mediation, particularly from the United States. In an interview with the Netherlands-based broadcaster NOS, Mr Jaishankar highlighted India's longstanding concerns over Pakistan's use of terrorism as a state policy and stressed that India has every right to respond decisively to such threats.

Tensions between India and Pakistan escalated following a terrorist attack in Jammu and Kashmir's Pahalgam on April 22, which claimed 26 lives. India responded with Operation Sindoor, targeting nine terror-related sites in Pakistan and Pakistan-occupied Kashmir (PoK). The Indian response resulted in the deaths of over 100 terrorists associated with groups including Jaish-e-Mohammed, Lashkar-e-Taiba, and Hizbul Mujahideen.

Mr Jaishankar said that the continuation of Operation Sindoor served a strategic purpose. "The operation continues because there is a clear message in that operation – if there are acts of the kind we saw on April 22nd, there will be a response. We will hit the terrorists. If the terrorists are in Pakistan, we will hit them where they are," he said. He clarified that while the operation remained active in principle, it did not mean continued military engagement. "Continuing the operation is not the same as fighting with each other. Right now, there is an agreed cessation of fighting and military action. So the operation is dormant," he said. According to Mr Jaishankar, the ceasefire agreement was initiated.

SUPREME COURT RESERVES INTERIM ORDERS ON PETITIONS CHALLENGING WAQF (AMENDMENT) ACT

Diary Times Desk : After hearing marathon arguments for three days, the Supreme Court on Thursday reserved its interim orders on petitions challenging the validity of the Waqf (Amendment) Act, 2025, which has done away with the concept of 'waqf by user'. 'Waqf by user' was a practice where a property was recognised as a Muslim endowment (waqf) based on its long-term, uninterrupted use for such purposes, even if there wasn't a formal, written declaration of waqf by the owner. A Bench of CJI BR Gavai and Justice AG Masih reiterated that there's a presumption of constitutionality in favour of a law passed by Parliament. "I have already said that there is a presumption of constitutionality," the CJI said. "There is a presumption of constitutionality in favour of every statute. For interim relief, you have to make out a very strong and glaring case. Otherwise, presumption of constitutionality will be there... we don't need to say more," the Bench had said on May 20. The Bench reserved its interim orders after hearing senior counsel Kapil Sibal, AM Singhvi, Rajeev Dhavan and Huzefa Ahmadi for the petitioners, and Solicitor General Tushar Mehta for the Centre. Senior advocates Rakesh Dwivedi and Ranjit Kumar – who represented governments of Rajasthan and Haryana, respectively, supported the Centre.

These cases – filed during the Arvind Kejriwal government -- challenged the authority of the Lt Governor in several committees, including solid waste management, Yamuna cleaning, and against the validity of Acts and Ordinances. "Terrorism is a threat not just to a single nation or region, but it is a global threat. We believe that we, as an international community, should come together, especially the Members of Parliament, to work on putting plans and strategies and engage in creating a better future for all humanity," Al Nuaimi told reporters in Abu Dhabi. A statement issued by the Indian Embassy in Japan quoted Iwaya telling the multi-party delegation led by Jha that terrorism cannot be justified in any form and expressed solidarity with India and with the world in the fight against terrorism.

SUPREME COURT'S 'CHANCE VS MERIT' ORDER AGAINST NEET-PG SEAT-BLOCKING

Diary Times Desk : Blocking of seats during counselling for postgraduate medical courses disadvantages higher-ranked candidates and undermines merit-based selection, the Supreme Court said today, issuing several directions to prevent this practice during admissions after NEET-PG, the all-India exam for admission to postgraduate courses. Seat-blocking is a common practice across competitive exams. Candidates take admission to courses at multiple institutions as part of a contingency plan. Later, they choose the most preferred option and vacate the other seats. These seats are then up for grabs, but by then most candidates have already taken admission somewhere. So, candidates much lower on the merit list get a shot at these seats. The bench of Justice JB Pardiwala and Justice R Mahadevan said seat-blocking is not merely an isolated wrongdoing, but reflects deeper systemic flaws. "This malpractice distorts the actual availability of seats, fosters inequity among aspirants, and often reduces the process to one governed more by chance than merit," the court said in its order. It said systemic flaws rooted in "fragmented governance, lack of transparency, and weak policy enforcement" were responsible for this.

Diary Times Desk : A soldier was killed in action during an encounter with terrorists amid a cordon-and-search operation in Jammu and Kashmir's Kishtwar district on Thursday, the Indian Army said. The exchange of fire occurred in the Shingpora area of Chhatru after security forces launched the operation following credible intelligence about terrorist presence in the region. "During the ongoing operation, fierce gunfight is continuing. One of our #Bravehearts sustained grievous injuries in the exchange of fire and has succumbed despite best medical efforts. Operation is in progress," the Indian Army's White Knight Corps said in a post on X. The Indian Army also said that additional troops have been deployed, and operations are ongoing to neutralise the terrorists. The encounter began after Indian Army troops, along with personnel from the Special Operations Group (SOG) of the Jammu and Kashmir Police, launched a search operation in the area between Shari and Mandral Dhok, near Singhpora village in Chhatroo.

Diary Times Desk : Prime Minister Narendra Modi on Thursday highlighted the destruction that happened to Pakistan's Rahim Yar Khan airbase due to India's strikes during Operation Sindoor and said that the airbase is in "ICU". Addressing his first public rally after Operation Sindoor in Rajasthan's Bikaner, PM Modi said, "When I came from Delhi to here, I landed in Bikaner's Nal Airport. Pakistan has also tried to make this a target but they failed to damage this airbase. There is a Rahim Yar Khan airbase situated on the other side of the border. It is in ICU. Don't know when it will open? India's forces have destroyed this air base." PM Modi also recalled his statement in Churu, reaffirming his commitment to the nation: "Swear by this soil, I will not let the country fall, I will not let the country bow." He declared from Rajasthan that those who attempted to erase the sacred sindoor have been reduced to dust, and those who spilled India's blood have now paid the price in full. The Prime Minister stated that those who assumed India would remain silent are now in hiding.

"CROSSING ALL LIMITS": SUPREME COURT RAPS ENFORCEMENT DIRECTORATE OVER TAMIL NADU RAIDS

Diary Times Desk : The Supreme Court on Thursday rebuked the Enforcement Directorate for "crossing all limits" and violating the concept of federal governance, referring to raids - on March 14 and May 16 - of state-run liquor shops in Tamil Nadu. An irked court directed the federal agency to stand down for now. The ED's raids were over allegations of corruption in the transport of liquor, grant of bar licences, and unaccounted cash generated by siphoning funds in collusion with bottle-making firms and distilleries. A bench led by Chief Justice BR Gavai told the ED, "You may register cases against individuals... but corporations? Your ED is passing all limits! Issue notice, returnable after vacation." "Meanwhile, stay granted of further proceedings..." the Chief Justice said. The court's direction has been welcomed by the ruling DMK; ex-Rajya Sabha MP RS Bharathi told news agency PTI the order was a 'blow to the BJP's efforts to malign the state government'. "BJP can't digest DMK's consistent electoral victories.

UTTAR PRADESH ATS ARRESTS VARANASI RESIDENT FOR ALLEGEDLY SPYING FOR PAKISTAN

Diary Times Desk : The Uttar Pradesh Police's Anti-Terror Squad (ATS) has arrested a man named Tufail from Varanasi on charges of spying for Pakistan. He is accused of sharing sensitive information about India's internal security with Pakistani contacts. Tufail allegedly shared videos of Maulana Shah Rizvi, leader of the banned Pakistani terrorist group Tehreek-e-Labbai, in WhatsApp groups, along with messages calling for 'Ghazwa-e-Hind,' revenge for the Babri Masjid demolition, and the implementation of Sharia law in India, UP ATS said in a statement. Officials said that during the investigation, it was found that Tufail was allegedly sharing photographs of sensitive locations including Rajghat, Namo Ghat, Gyanvapi, the railway station, and the Red Fort with contacts in Pakistan. **NO BLOODY CORRIDOR: BANGLADESH
ARMY CHIEF'S WARNING MAKES
YUNUS GOVT BLINK**

Diary Times Desk : Bangladesh's interim government of Muhammad Yunus has made a sharp U-turn on its proposal for a "humanitarian" corridor to Myanmar's Rakhine State after a stern warning from Army Chief General Waker-Uz-Zaman. The Bangladesh Army chief called it a "bloody corridor", and pushed back after Foreign Adviser Touhid Hossain unilaterally announced that the interim government had agreed to the UN-proposed Rakhine corridor. There is a growing concern in Bangladesh that the corridor would impede upon its sovereignty and is being pushed by the US for geostrategic gains. Despite the concerns over the Rakhine corridor, Bangladesh observers suggest that Yunus and his loyalists are giving in to the US demand to stay on in power without elections. "The Bangladesh Army will never be involved in any activity that is harmful to sovereignty. Nor will anyone be allowed to do so," Waker-Uz-Zaman said in his warning to the Yunus-led interim government on Wednesday.

**PAKISTAN RECOMMITTS TO CHINA
BOND AMID TRUMP SHADOW OVER
INDIA CEASEFIRE**

Diary Times Desk : As Pakistan sought to defend itself against Indian missiles and drones launched at its military bases and cities in early May, it relied on an unlikely combination of assets: Chinese missiles and air defence; Chinese and United States fighter jets; and US diplomacy. The missiles, air defence and jets helped Pakistan thwart any devastating hits on its airbases and claim it had brought down multiple Indian fighter planes – an assertion that India has neither confirmed nor denied. The diplomacy sealed a ceasefire that Pakistan has publicly welcomed and thanked the Donald Trump administration for. Yet, as the US has in recent years increasingly picked India over Pakistan as its principal South Asian partner, Pakistan this week worked to reassure China that Beijing remained its most coveted ally. Pakistan's Deputy Prime Minister Ishaq Dar, who also serves as foreign minister, visited Beijing earlier this week, meeting his Chinese counterpart Wang Yi on May 20 in the first high-profile overseas visit by a Pakistani leader since the ceasefire.

EARTHQUAKE OF MAGNITUDE 6.1 HITS GREECE, FIRE SERVICES ON HIGH ALERT

Diary Times Desk : Emergency services were on high alert in Crete on Thursday after a 6.1 magnitude quake hit off the Greek island, causing tremors felt across Turkey and Israel. The fire brigade said it has not received any calls for assistance so far nor reports of any serious property damage. The tremor, which hit 79 km (49 miles) off the city of Heraklion at 6:19 a.m. (0319 GMT) on Thursday, jolted locals and tourists holidaying on the island at the start of the summer season, according to reports on X. CCTV video posted on Facebook showed plant pots on a balcony shaking for seconds. Greece is one of Europe's most earthquake-prone countries and an unprecedented level of seismic activity shook the popular tourist island of Santorini for weeks earlier this year, prompting thousands to evacuate and shutting schools. The fire brigade said it has not received any calls for assistance so far nor reports of any serious property damage.

**ISRAEL EMBASSY SHOOTING SUSPECT
CHANTS "FREE PALESTINE" AFTER ATTACK**

Diary Times Desk : The suspect behind the killing of two staff members of the Israeli embassy in Washington shouted "Free, free Palestine", as he was being taken into police custody after the crime that has sent shockwaves across the world. The single shooter, identified as 30-year-old Elias Rodriguez of Chicago, carried out the killings outside the Capital Jewish Museum. The victims were identified as Sarah Lynn Milgrim and her partner Yaron Lischinsky, who both worked at the Israeli embassy in Washington. As Rodriguez discarded his weapon after being caught by the cops, he chanted: "Free, free Palestine". Washington Police Chief Pamela Smith said that prior to the shooting, the man was observed pacing back and forth outside of the museum. He approached a group of four people, produced a handgun and opened fire. "After the shooting the suspect then entered the museum and was detained by event security," Mr Smith said.

**"WISH HAD A PLANE TO GIVE YOU": SOUTH
AFRICAN PRESIDENT'S 'QATAR GIFT' JAB AT
TRUMP**

Diary Times Desk : Turn the lights down," President Donald Trump said. It was showtime in the Oval Office. Sitting next to him was South African President Cyril Ramaphosa, who was visiting in hopes of reaching new agreements on trade. But Trump wanted to talk about baseless allegations that white farmers in his country were being systematically singled out for persecution and murder. He directed everyone's attention to a television that had been wheeled into the room, and a video began to play. Even for a president who has transformed the Oval Office from a diplomatic venue into a gladiatorial arena, it was an extraordinary scene. Trump stared at the screen while Ramaphosa looked away. For roughly four minutes, the video showed Black politicians – none part of Ramaphosa's government or political party – using anti-apartheid chants about attacking white South Africans. The politicians have said their comments aren't meant to be taken literally.

**TRUMP PRIVATELY TOLD
EUROPEAN LEADERS THAT
PUTIN WON'T END UKRAINE
WAR: REPORT**

Diary Times Desk : US President Donald Trump has reportedly told European leaders during a private phone call that Russian President Vladimir Putin is unwilling to end the war in Ukraine because he believes he's currently winning. The acknowledgement from Trump came during a Monday call with European leaders, including Ukrainian President Volodymyr Zelensky, French President Emmanuel Macron, German Chancellor Friedrich Merz, Italian Prime Minister Giorgia Meloni and European Commission President Ursula von der Leyen, according to a report by The Washington Post. Although Trump appeared to have come around to the idea that Putin isn't ready for peace, until now, he has publicly maintained that Putin wants peace. The acknowledgement also did not make him do what the Europeans and Zelensky want--double down on the fight against Russia. In an earlier call with European leaders on Sunday, Trump hinted he might consider sanctions on Russia if Putin refused a ceasefire. However, by the next day, the American Leader reversed course and was not ready to use any such coercion tactic against Russia, sources told the Post.

**NORTH KOREA'S KIM RAPS
OFFICIALS OVER 'SERIOUS
ACCIDENT' AT WARSHIP
LAUNCH**

Diary Times Desk : North Korean leader Kim Jong Un has reprimanded officials over a "serious accident and criminal act" that resulted in damage to a newly built warship, state media has reported. The 5,000-tonne destroyer suffered damage to its hull when a transport cradle detached prematurely during a launch ceremony in the northeastern city of Chongjin, the Korean Central News Agency (KCNA) reported on Thursday, blaming the incident on "inexperienced command and operational carelessness". After witnessing the incident, Kim made the "stern assessment" that the accident was caused by "absolute carelessness, irresponsibility and unscientific empiricism," which "could not be tolerated", the KCNA said. Kim "warned solemnly" that officials responsible for the botched launch "would have to be dealt with" at the next meeting of the central committee of the ruling Workers' Party of Korea, and "censured them for the fault", according to the KCNA. Kim ordered the warship to be fixed in time for a plenary meeting of the party's central committee in June.

PUNJAB CM MANN OPPOSES CENTRE'S MOVE TO DEPLOY CISF MEN AT NANGAL DAM

Diary Times Desk : Punjab Chief Minister Bhagwant Mann on Thursday condemned the Centre's move to deploy a contingent of 296 CISF personnel to secure the Nangal dam. Questioning the Union Government's move, Mann asked what was the need to deploy CISF personnel when the Punjab Police were already providing security to the dam. The Chief Minister also said that he would raise the issue with Prime Minister Narendra Modi at the Niti Aayog meeting scheduled for Saturday. The Centre has sanctioned a contingent of 296 CISF personnel to provide a counter-terrorist security cover to the Nangal dam amid the standoff between Punjab and Haryana over sharing of water from the dam. The Bhakra Beas Management Board (BBMB) has been asked to make a security deposit of Rs 8,58,69,600 in favour of the CISF for the 296 personnel. Addressing the media in Sangrur on Thursday, Mann said the deployment of CISF personnel will cost Rs 8.58 crore per annum, showing a copy of the Centre's letter in this regard. "They say either the BBMB or Punjab will pay this money. What was the need for this when Punjab Police was already providing security to the dam for free? Why should we give money?" Mann asked.

HIGH COURT ORDERS RS 15 LAKH RELIEF FOR 'DEATH SENTENCE WITHOUT DUE PROCESS

Diary Times Desk : Nearly 12 years after a 22-year-old man was shot by a Punjab Police official, the Punjab and Haryana High Court has awarded Rs 15 lakh compensation to his mother after holding that "allowing the act of the erring cop to go unchecked would amount to validating a death sentence, passed not in line with the due process of law, but by the law enforcement agency donning the role of the judge, jury and executioner". The direction came as Justice Harpreet Singh Brar admonished the conduct of the police for not just resorting to excessive force, but also attempting to shield the erring officials. The Bench noted that Arvinder Pal Singh alias Lovely, a proclaimed offender in two of the nine criminal cases registered against him, was shot from a "very small, perhaps point-blank distance" by a police official. BBMB ROW: PUNJAB TERMS CONCEALMENT OF 'FACTS' BY CENTRE, HARYANA AS 'INSTITUTIONAL BULLYING'

Diary Times Desk : Alleging deliberate concealment of "material facts" both by Centre and Haryana, Punjab on Thursday said the Punjab and Haryana High Court was never informed of a statutory reference made by the Bhakra Beas Management Board chairman to the Central Government regarding the dispute over release of additional water. Appearing before the Bench of Chief Justice Sheel Nagu and Justice Sumeet Goel, senior advocate Gurminder Singh submitted on Punjab's behalf that the reference was made to the Centre by the BBMB chairman at Haryana's behest on April 29 following a difference of opinion between it and Punjab on the release of additional water. He submitted that the BBMB after the making of reference to the Centre became "functus officio" -- a Latin term meaning "having performed his office". Gurminder Singh argued it was then for the Centre to decide the issue in accordance with the provisions of Rule 7 of the BBMB Rules, 1974. The Rule makes it clear that any disagreement involving policy or inter-state rights must be referred to the Centre for a binding decision. He added that the BBMB chairman, despite making the reference to the Centre, presided over a meeting the next day on April 30 and "chose to conceal and remain silent".

While prospect of India and Pakistan not playing in ICC knockouts is unlikely, not drawing them in the same group, which has been the norm at ICC events, is a possibility," a BCCI source told PTI. India and Pakistan drawn in the same group of ICC events had become a given over the past decade but in the wake of the terrorist attack in Pahalgam on April 22 and subsequent showdown between the two armed forces, that could change. It is no secret that the BCCI holds the maximum clout in world cricket and even the ICC is headed by an Indian, Jay Shah. Shah would be attending the annual conference for the first time as ICC chair, having taken charge in December. Ahead of the Champions Trophy won by India earlier this year.
